Control

The factory production control (FPC) is monitored by an independent inspection body.

Control agreement: 210-15-0172, Inspection body: SP Technical Research Institute of Sweden.

When the building proprietor performs inspection at the building site, he shall check the markings to ensure that the correct products have been supplied and that they are used in accordance with the requirements stated in the approval and the associated documents. He must also check that the product is accompanied by a manufacturing assurance, which certifies that the product has been manufactured in accordance with the documents on which this approval is based.

Manufacturer

Production control includes the following site:
Lindab Profil AB, Båstad.

Marking

The products are to be marked at the factory. The marking consists of a text on every product/packing supplied and includes:

Approval holder/Manufacturing site
Boverket's registered trademark
Certification body and accreditation number
